showing the nature, kind, shape, height, color, materials and location of the same have been submitted to and approved in writing by the architectural Control committee (the "committee") composed of the Declarant, or such agent or agents as may be appointed by the Declarant, in its sole discretion, as to quality of workmanship and materials, color, harmony of external design with existing buildings or structures, location of said building or structure with respect to topography and finish grade elevation and as to compliance with the provisions of this Declaration. Said plans shall be either approved or disapproved by the Committee within ten (10) working days following submittal to same. Construction of approved improvements shall be completed within a period of six (6) months from date construction is begun or such longer time as may be approved by the Committee in its sole discretion. Notwithstanding the Committee's approval pursuant to this paragraph, the Committee does not endorse or guarantee the structural integrity of the improvements so approved. At such time as the Declarant ceased to be a Class B member of the Association, the members of the Committee shall be appointed by the Board of Directors of the Association.

3.2 The Committee shall have the following powers and duties:

- 1) To draft and adopt, from time to time, architectural planning criteria, standards and guidelines relative to architectural styles or details and rules and regulations regarding the form and content of plans and specifications to be submitted for approval all as it may consider necessary or appropriate.
- 2) To require submission to the Committee of two (2) complete sets of preliminary and final plans and specifications as hereinafter defined for any buildings or structures of any kind, including, without limitation, any dwelling, fence, wall, sign, site paving, grading, paving and building additions, alterations, screen enclosure, sewer, drain, disposal system, decorative building,

- 3) To approve or disapprove any Proposed Improvement or change or modification thereto, the construction, erection, performance or placement of which is proposed upon any Lot or the Property and to approve or disapprove any exterior additions, changes, modifications or alterations including the color thereof, therein or thereon. The determination of the Board upon reviewing any such decision shall in all events be final. Provided, however, during the time the Declarant is a Class B Member determination by the Committee shall be final.
- 4) To evaluate each application for the total effect, including the manner in which the homesite is developed. This evaluation relates to matters of judgment and taste which can not be reduced to a simple list of measurable criteria. It is possible, therefore, that a Proposed Improvement might meet individual criteria delineated in this Article and the Architectural Planning Criteria and still not receive approval, if in the sole judgment of the Committee, its overall aesthetic impact is unacceptable. The approval of an application for one Proposed Improvement shall

not be construed as creating any obligation on the part of the Committee to approve applications involving similar designs for Proposed Improvements pertaining to different Lots.

- 5) If any Proposed Improvement as aforesaid shall be changed, modified or altered without prior approval of the Committee of such change, modification or alteration, and the plans and specifications therefore, if any, then the Owner shall, upon demand, cause the Proposed Improvement to be restored to comply with the original plans and specifications originally approved by the Committee, and shall bear all costs and expenses of such restoration, including costs and reasonable attorneys' fees of the Committee.
- 6) In addition, any Owner making or causing to be made any Proposed improvement or additions to the Property or a Lot agrees and shall be deemed to have agreed, for such Owner and his heirs, personal representatives, successors and assigns to hold the Committee, Association, Declarant and all other Owners harmless from any liability, damage to the Property and from expenses arising from any Proposed Improvement and such Owner shall be solely responsible for the maintenance, repair and insurance of any Proposed Improvement and for assuring that the Proposed Improvement meets with all applicable governmental approvals, rules and regulations.

Such assessments will be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the Property and a continuing lien on each Lot against which such an assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees shall also be the personal obligation of the person or persons who owned the Lot at the time of assessment fell due, but such personal obligation shall not pass to the successors in title of such person or persons unless expressly assumed by them.
- 7.2 The annual assessments levied by the Association shall be paid either in monthly or annual installments and used exclusively to promote the health, safety, welfare, and recreation of Owners of Lots in the Property and for the improvement and maintenance of all Common Property, common landscaped areas, portions of the landscaped areas of Lots and all areas required to be maintained under the St. Johns River Water Management District Permit pertaining to the Property, for the administration of the Association, for the establishment of a maintenance of street lighting and signage, for payment of taxes and insurance on all Common Property and for such other purposes as are set forth or permitted in this Declaration, the Articles of Incorporation or Bylaws.

Notice of the annual assessments shall be mailed to every Owner subject thereto.
- 7.5** Notwithstanding any provision to the contrary herein, Declarant, for any Lots which it owns, shall not be liable for assessments either annual or special, so long as it funds any deficit in the operating expenses of the Association. Provided further, in its sole discretion, Declarant may at any time commence paying assessments as to Lots owned by it and thereby automatically terminate its obligation to fund any deficit in the operating expenses of the Association.
- 7.6** The Association shall, on demand and for a reasonable charge, furnish to the Owner liable for any assessment a certificate in writing, signed by an officer of the Association, setting forth whether the assessments against a specific Lot have been paid, and if not, the amounts owed therefore.

7.8 The assessment lien provided for herein shall be subordinate to the lien of any first mortgage. A sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to a mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the assessment lien as to payments which become due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

7.9 Upon the initial conveyance of title to a Dwelling Unit or lot from the Declarant to an Owner, such Owner shall pay the Declarant, in addition to any other sums required, a capital contribution equal to two (2) months' installment of the then current Association Assessment. ARTICLE VIII

EASEMENTS

8.1 For so long as Declarant is a Class B member, Declarant reserves the right without further consent from any other Lot Owners to grant to any public utility company, municipality or other governmental unit, water or sewage company or cable television company an easement over all easements shown on any plat of the Property, and also, in a ten foot (10') strip of land located within the lot and parallel along and adjacent to all front lot lines for all purposes, including but not limited to the right to erect and lay or cause to be erected or laid, constructed, maintained, removed or repaired all light poles, wires, water and gas pipes and conduits, catch basins, cable TV lines, surface drains, sewage lines and such other customary or usual appurtenances as may, from time to time, in the opinion of Declarant or any utility company or governmental authority, be deemed necessary or advisable. Any purchaser by accepting a deed to any Lot does thereby waive any claim for damages against Declarant, their successors or assigns incurred by the construction, maintenance and repair of said utilities, or on account of temporary or other inconvenience caused thereby.

8.2 To create a visual and noise buffer to the adjacent residents of Surfwood and Anastasia subdivisions a 10'-0" natural vegetation easement has been placed on these Lots abutting these subdivisions. The land will be deeded to each Lot Owner, however, the land must remain in its natural state with the following exceptions.

a) If the area is void of plant material, the Owner, Developer or other parties may plant vegetation within this 10'-0" area to provide additional screening to adjacent lot owners.

b) If the Owner of a Lot and or the Declarant desires to construct a 6'-0" high privacy/masonry wall on the property line, he may do so subject to paragraph 4.4 above. The remainder of the 10'-0"

buffer area will stay in its natural state and as much care as feasible will be done while constructing this privacy wall not to destroy the natural vegetation in the buffer easement.

c) Along SR-3/A1A, the 10'-0" buffer area will remain however the 6'-0" screen/masonry wall will be allowed to be constructed within this area if desired by the Declarant and the Association.
